

PhD Position in Immunosenescence and Inflammation (Marie Skłodowska-Curie Actions) in an ERC Funded Lab in Madrid

We are offering a **PhD position** at Mittelbrunn Lab at Molecular Biology Center (CSIC, Madrid, Spain), supported by the **Marie Skłodowska-Curie Actions (MSCA)** (UNION Network UNION Understanding frailty towards a future of healthy ageing). We seek an early-stage researcher to investigate **T cells in Immunosenescence and Aging** at Mittelbrunn Lab (<https://mmittelbrunnlab.cbm.uam.es>). Located in Madrid, vibrant and cosmopolitan city known for its great quality of life, rich culture, this position offers a unique opportunity to conduct cutting-edge research.

We welcome applications from candidates of any nationality, gender, culture, religion, sexual orientation, or age, **provided they** meet the following eligibility criteria:

Eligibility Criteria

1. Educational Requirements:
 - Applicants must hold a **Master's degree** relevant to the chosen position (e.g., **Biology, Medicine, Biochemistry, Bioinformatics**, or a related discipline) or an equivalent qualification that allows them to pursue a PhD.
 - The degree must be obtained at least one month before the employment contract starts or be officially recognized within the European Higher Education Area.
2. Mobility Rule: **Applicants** must **not** have resided or carried out their main activity (work, studies, etc.) in SPAIN for more than **12 months** in the 36 months immediately before Sept2025
3. Language Proficiency: A high level of proficiency in written and spoken **English** (certified at B2 level or equivalent) is required.

Position Details

- Contract Duration: 3 years, starting 1 September 2025
- Institution: Agencia Estatal Consejo Superior de Investigaciones Científicas (CSIC)
- Location: **Molecular Biology Center** (<https://www.cbm.uam.es>), Madrid, Spain
- Deadline for Applications: 5 May 2025

Application Process

- Applicants should send a **CV** and a **letter of motivation** to: mmittelbrunn@cbm.csic.es
- For further information, please feel free to contact us.
- The recruitment process will adhere to the principles outlined in the European Charter for Researchers
